Signature block area template – this way up for portrait cards
N.B. Actual size of card

Signature block area template – this way up for landscape cards
N.B. Actual size of card

How to use this template

1. Simply pass this sheet around to add your signatures within the indicated area – preferably in Black ink.
2. Scan the sheet & save it on your PC so you can upload it to the image library on your chosen card design.
3. Drop the image on to Page 2 of your Christmas card template.
4. **IMPORTANT**: Your scan will be reduced in size- scale the pdf until the crop marks are not visible (use the tools to the left in the editor window).
